Archives NZ Reference ACGT 18460 LS34/1

This is an index to a register of land holdings allotted to returned soldiers from the World War One New Zealand Expeditionary Force. The register is divided into four parts and arranged by province.

[1] Land allotted to discharged soldiers without competition or by ballot under the Discharged Soldiers Settlement Act 1915

[2] Land acquired ordinarily or at auction by members of the New Zealand Expeditionary Force

[3] Land acquired by ballot or at auction by discharged or returned soldiers

[4] Land transferred to soldiers

The register gives the file number, regimental number of the soldier, location and acreage of the land, class of land tenure granted, sale plan number, capital value, the amount of rent and the date of Land Board approval and remarks.
