Sir, I award Mr John Wade five hundred and twenty five (525) acres of land to be situated at Rangitiki in respect of the Land Order No.42, 2nd Series, held by him.

[Comment 1: To be made out in three and a half scrips]

[Comment 2: This award is extremely loose and unsatisfactory, in not declaring positively whether the section chosen originally at Wainuiomata in respecting the Land Order is given up and the amount included in the 525 acres awarded or whether the 525 acres are irrespective of that Section. I presume however the Crown will only recognise the award on the condition of the 525 acres being in satisfaction of the whole of the Land Order including the original selection – signed F. D.
