1935 Oct 09	Archives NZ	R11742499 A5 56/8/23 Unemployment Board Wainuiomata Development Memorandum for the Rt Hon the Minister of Finance, Wellington – Wainui-O-Mata Development Limited The Unemployment board proposes to assist the Company by means of a subsidy of 35s per man week (married men) on condition that [1] all labour to be taken from the unemployed register, [2] men to be employed full time at standard rates of pay, [3] the Board's subsidy not to exceed a figure equivalent to half of the labour cost, [4] repayment of the subsidy is not required, [5] the offer to remain open for acceptance for three months from 1 Oct 1935. It appeared to Treasury that complications would arise in the event of a loan being granted to the Company and owing to the unsoundness of the scheme the Board would eventually be forced to take over the whole or portion of the property involving further expense. It is not anticipated that any difficulties will arise in connection with the subsidy, and it is recommended therefore that the subsidy be approved on the terms and conditions proposed.

1950 Aug 18	ATL Hutt County	MS-Papers-1293-164/2 Letter Wainuiomata Development Ltd to County Clerk. There was no flood at Wainui-o-Mata. There was a backwater caused by an Act of God and the Wellington City Corporation. Seven inches of rain fell at the reservoir and two inches at Wainui-o-Mata. The flood at its height was not dangerous and did not unduly back up the water over our property, but it did so when the City Corporation opened the sluice gates. Comments further re evacuating families and recommendations re Black Creek between the bridge and the river.	
1950 Aug 22	ATL Hutt County	MS-Papers-1293-164/2 Letter M. J. Burdan to County Clerk drawing attention to the damage done the releasing of water from the Morton dam "on top of a flood," by the Wellington City Council on July 15 th . The loss of stock, damage to fences and erosion was considerable causing the river to threaten the main road.	
1950 Sep 11	ATL Hutt County	MS-Papers-1293-164/2 Letter D. W. R. Heatley to Wainuiomata Development Ltd protesting using the frontage of his property in Peel Place as a sewage sump for the house next door and blocking the drainage to the South of my property by filling in the natural water-course in your bulldozing of further building sites.	
1950 Sep 12	ATL Hutt County	MS-Papers-1293-164/2 Letter E. J. Burdan to County Clerk – about six years ago a vote was taken by the members of this valley on whether they should change the systems of rating and the result of this was a very steep increase for some rural members.	
1950 Sep 18	ATL Hutt County	MS-Papers-1293-164/2 Letter from J. C. Gardener, A. A. Sukroo and P. Wilson of Main Road, Homedale, Wainui-o-Mata (next to Methodist Church) asking about road construction in front of their sections. We were led to believe by Mr Miles and Mrs Wise, Development Co. that at some future date the road was to be lowered from the present height of about 6ft above our sections. But from appearances it is being built up. Our main concern is, we will need a right of way to our sections. I might add that the gutter that was put in last year to take storm water off the road is now filled in and subsequently will flow on to our sections.	
1950 Oct 04	ATL Hutt County	MS-Papers-1293-164/2 Reply to Mr J. Burdan informing him that the change was made to rating on the unimproved value by a poll, held at the request of the ratepayers, and not by Council. All the other Ridings of the County have been assisting Wainui-O-Mata Riding by contributing towards the heavy cost of the upkeep of the Wainui-O-Mata Main Highway.
