1847/948 Apr 26 Reporting appointment of S. M. Scroggs Assistant Surveyor
(Superintendent Southern Division & Commissioner McCleverty, Wellington)

Survives: Lt-Colonel McCleverty to Major Richmond – Wellington 26 Apr 1847

Sir, The necessity of defining the boundaries of the various pieces of land to be given to the natives in the Port Nicholson District, in exchange for settlers Lands, induces me to recommend that another assistant in the Survey Department be temporarily appointed, more particularly as Mr Fitzgerald has so much to attend to on the Roads and buildings it might be better that he should have a general supervision only of these surveys, together with that of the Porirua District. Mr Scroggs has returned from the Company's Survey at Otago, and I would recommend him to your consideration.... [M. Richmond Memorandum – In consequence of this application from Col. McCleverty I have appointed temporarily Mr Scroggs Assistant Surveyor at the same rate as the others viz. £150 per annum from the 27th April 1847.]

1847/949 May 04 Complaining of damage done by stray cattle on roads that are being made
(Superintendent Southern Division & T. H. FitzGerald, Wellington)

Survives: Survey Office, Wellington 4 May 1847 to the Superintendent Wellington.

Sir, I have the honor to request that you will be pleased to bring under the notice of His Excellency the Governor the very serious damage caused to the roads in progress of construction owing to the imperfect state of the present 'Cattle Trespass Ordinance' especially to that passing through the Lower Valley of the Hutt where the damage done may ... be such as cannot well be estimated – from the fact of large droves of cattle being allowed to wander at large over it and trample down the slopes before they have consolidated and which there is now no means of preventing – but as your Honor is well aware of the Great injury the road is sustaining from this cause I trust, that ere long some alteration in the ordinance may be made which will put it in the power of the Resident Magistrate to remedy the evil complained of. [M. Richmond 6 May 1847 There are still complaints about the working of the 'Cattle Trespass Ordinance' from the Hutt – I have issued the enclosed notice to prevent the damage to the Roads complained of by the Road parties.] [Notice: Complaints having been made, the Cattle and Pigs are suffered to stray on the Roads now forming in this district, causing great damage to the sides and slopes thereof, Notice is Hereby Given, that instructions have been issued to the Police and others to seize any Cattle or Pigs found straying on the Roads, and that legal proceedings will be adopted against the owners of such Cattle or Pigs for recovering the amount of the damage caused thereby. By order of His Honor the Superintendent, S. E. Grimstone, Acting Secretary. Wellington, May 5, 1847. Printed at the 'Spectator' office.]
